Is uPVC Spraying Right For Your Home?

✔ IDEAL FOR:

- ✔ Windows and doors that are structurally sound
- ✔ Faded, dated or discoloured white/brown uPVC
- ✔ Homeowners wanting a more modern exterior look
- ✔ Properties where replacement would be costly and unnecessary

✘ MAY NOT BE SUITABLE IF

- ✘ Frames are cracked, warped or physically damaged
- ✘ The units have failed seals or serious functional issues
- ✘ There is major structural deterioration
- ✘ The surface condition is too poor for a lasting finish without repair

Honest advice first

We'll always tell you honestly whether spraying is the right option. If replacement would be better for your property, we'll say so.

Our Step-By-Step Process

01

EASY ONLINE QUOTATION

Send us photos of the windows, doors, garage door or exterior areas you'd like transformed. We'll advise on suitability, answer any questions, and provide your quote.

03

WE PREPARE & SPRAY

We thoroughly clean, prepare and carefully mask the area before applying specialist coatings with professional spray equipment for a smooth, factory-style finish.

02

CHOOSE YOUR COLOUR

We'll help you choose the perfect finish for your home, whether you want anthracite grey, black, Chartwell green, white, or another custom option.

04

FINAL INSPECTION & AFTERCARE

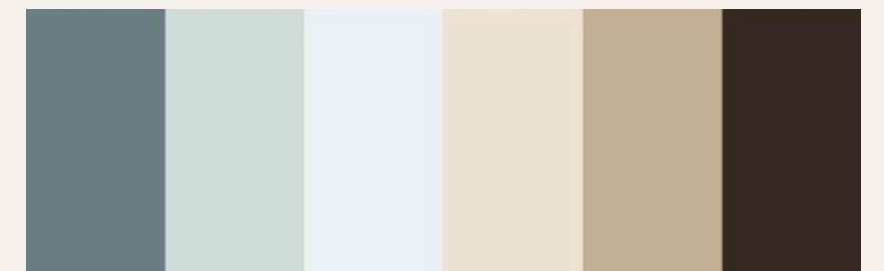

Once the spraying is complete, we carry out final checks, remove masking, and leave you with a refreshed, modern exterior ready to enjoy.

Clean. Careful. Professional.

From first enquiry to final result, we focus on quality, detail, and a hassle-free customer experience.

We can colour match to any Farrow & Ball, Dulux or RAL options!

Why Replace When You Can Spray?

REPLACEMENT

- Expensive and often unnecessary
- More disruption to your home
- Longer project times
- Can involve multiple trades
- Creates more waste
- Much higher overall cost

UPVC SPRAYING

- A fraction of the cost of replacement
- Fast, efficient and low disruption
- Stunning visual transformation
- Retains your existing frames and units
- Less waste, more sustainable
- Professional finish that boosts kerb appeal

THINK OF IT THIS WAY:

uPVC spraying is ideal when your existing windows, doors or exterior features are still structurally sound but simply look tired, dated or no longer suit your property. Instead of paying for costly replacements, spraying allows you to achieve a completely refreshed look for far less.

See The Difference

See how professional uPVC spraying can transform tired windows, doors and exterior features into a fresh, modern finish.

Refreshing tired brown uPVC frames in black or anthracite grey can instantly modernise the exterior of a property.

Coordinating the windows, front door and garage door creates a clean, high-end finish that transforms kerb appeal.

FAQs

PROCESS

Q: How do I get a quote?

A: Simply send us a few photos of the areas you'd like sprayed and we can quickly advise on suitability and provide a quote.

Q: Will there be a lot of mess?

No. Careful preparation and masking are an essential part of our process. We take great care to protect surrounding areas and keep disruption to a minimum.

Q: Do the windows or doors need to be removed?

No. In most cases everything can be sprayed in place. We carefully mask and protect surrounding areas to ensure a clean and professional finish.

COLOURS & FINISHES

Q: What colours can I choose?

A: We offer a wide range of colours including popular options such as Anthracite Grey, Black, Chartwell Green and White, as well as many custom RAL colour options.

DURABILITY & QUALITY

Q: How long does the finish last?

A: Our specialist coatings are designed to be durable and long-lasting when applied correctly. With proper preparation and professional application, the finish can maintain its appearance for many years.

Q: How long does the process take?

A: Most projects can be completed within 1-2 days, depending on the size of the property and the areas being sprayed.

Q: Is spraying cheaper than replacement?

A: Yes. In most cases, uPVC spraying costs a fraction of the price of replacing windows, doors or conservatories, while still delivering a dramatic transformation.
